

## FAQs

---

### Will there be any enhanced hygiene or cleaning procedures?

Clean hands and clean classrooms have always been a priority for The Heights Kids! As always, all rooms will be sanitized between services, this time with extra care. Toys will be switched out between services, as well and individualized craft boxes for our older kids.

### What can I expect in the nursery?

All volunteers will wear masks in the nursery. When feeding a bottle and changing a diaper, volunteers will also wear gloves.

### Why is registration required?

We are requiring registration at this time to decrease crowding in classrooms and to allow for appropriate distancing between classrooms.

### Are my kids allowed to sit in the main service?

You are more than welcome to bring your kids into service with you—we love worshipping with little ones! Please register them for the main service, and we will provide a fun activity packet for them at check in.

### What if we are not ready to return to in-person services?

Each week, The Heights Kids will continue to post an at home guide, just as we have done during the whole season of COVID-19.
